

Kim Menke
KWIB Past Chair

Executive Committee Member

Kim Menke is the founder of ProVision Process Solutions, launched in July 2024 to leverage his extensive experience in manufacturing, business operations, and government. His career spans nearly 37 years with Toyota and 5 years with General Motors, where he earned a reputation for translating operational needs into actionable solutions for government leaders. Kim specializes in navigating complex regulatory processes to deliver practical, win-win outcomes.

In addition to his private-sector leadership, Kim was elected to the Georgetown City Council in 2024 and is a candidate for Mayor in the 2026 election cycle. He has championed manufacturing excellence and workforce development initiatives that have become national models for public-private collaboration. His work with multi-state organizations provides insight into innovative strategies for economic growth and workforce readiness.

Kim's past leadership roles include Chair of the Kentucky Workforce Innovation and Opportunity Board (KWIB), Chair of Lanes Run Business Park Authority, Chair of KY FAME, Chair of the KY Chamber Workforce Center Board, Chair of Commerce Lexington, Chair of Georgetown Chamber of Commerce, and Chair of the Western Kentucky University Foundation Board. His civic engagement also extends to numerous nonprofit organizations serving community needs.

Known for his collaborative approach and application of Toyota philosophies, Kim is widely regarded as a trusted change agent. His long-standing relationships with local communities, state legislatures, and federal delegations—built through Toyota's significant employment footprint—underscore his ability to deliver sustainable, strategic solutions for Kentucky and beyond.
