9:32am Welcome

Beth Engle opened the meeting and shared that the dynamic process has been working well several times since its inception. Information on the process can be found here.

A discussion was had on continual process improvement to include updating vendors as they send requests that they must work with business / industry (employers) and their local workforce development areas in their request for certification. This program is uniting the need of employers with pathways to certification or education to increase workforce participation.

Beth is going to further develop the process diagram to incorporate some of the suggestions.

The list of applications was all vendor-submitted and was NOT recommended for approval to move to the Education Attainment and Employer Engagement Committee. The ***motion to approve*** not to move forward with applications, was made **by Scott Pierce** and ***seconded*** **by Matt Bacon**.

The updated list can be found on the Department of Education website or through the KWIB site on the CTE Certification form page.

Adjournment

The meeting was adjourned at 9:53 am.
