https://us06web.zoom.us/j/87630559593?pwd=Qk1zeU51VHFRVUIwTlZRL2dPcXp2Zz09

Password: e53bVM

COMMITTEE MEMBERS PRESENT:

Regan Satterwhite - Lead	X	Suhas Kulkarni	X
Tom Thompson	X	Kim Humphrey	
Regina Phillips	X	David Horseman	X
Tara Johnson-Noem (proxy Teri VonHandorf)	X	Tricia Davis	x
Scott Pierce	X	Myra Wilson	X
Beth Hargis	X	Misty Edwards	
Scott U’Sellis	X	Leslie Slaughter	X
Sara Tracy		Brad Clark	
Kara Schotter			

Others present: Debbie Dennison, Robert (Marty)Nolan

2p.m. ET - Call Meeting to Order

Regan Satterwhite opened the meeting and shared that the industry certificate list has been updated three times since inception of dynamic list in fall of 2021. The updated list can be found on the Department of Education website or through the KWIB site on the [CTE Certification form page](#).

The team shared that David Horseman is retiring and Dr. Beth Hargis has accepted the role of Associate Commissioner.

The BEATs team have reviewed four (4) certification requests as follows:

Program Area/ Program	Career Pathway / Program of Study	CIP Code(s)	2021-2022 Industry Certification Name / Industry Certification Stacked Credentials	Recommended addition to Valid Industry Certification List? Yes/No	BEAT Recommendations
Construction	Non-applicable	NA	MACC Tech	YES	The Construction BEAT recommends the addition of the MACC Tech Certification to Industry Certification List. MACC Tech stands for Mining, Asphalt, Concrete & Construction Technology. This certification does not align to a specific CTE pathway in the Program of Studies but is highly supported by Business and Industry and is recommended to be available for schools who choose to offer a local pathway.
Transportation	Non-applicable	NA	Equipment and Engine Training Council Certification	YES	The Transportation BEAT recommends the addition of the EETC certification to the Valid Industry Certification list based on BEAT committees review. This certification does not align to a specific CTE pathway in the Program of Studies but to a local pathway within a district.
Transportation	Non-applicable	NA	Mercury Marine Certification	NO	The Transportation BEAT team does not recommend this certification. There is very limited information about this certification available. The only information provided: https://www.mercurymarine.com/en/us/news/mercury-marine-to-offer-accelerated-outboard-certification-training-on-a-permanent-basis/
Agriculture	Horticulture and Plant Science Systems	CIP 01.1101.00	Benz School of Floral Design Principles of Floral Design Certification	NO	The Agriculture BEAT does not recommend this certification. While the individuals that provided feedback agreed that the content covered by the certification is relevant, they noted that there was no performance component. To paraphrase their comments - floral design is a very hands on job and for a certification to hold value for employment/advancement there needs to be evidence that the certificate holder has demonstrated competency through the creation of an actual floral design.

The team recommends moving forward the MACC Tech and Equipment and Engine Training Council certifications above to the Education attainment and Employer engagement. They chose NOT to recommend moving forward the Mercury Marine Certification and the Floral Design certification requests.

A **motion to recommend** the BEATs team recommendations adopted by the sub-committee to the full Education Attainment and Employer Engagement committee **was made by Scott Pierce and a second motion was made by Regina Phillips**. The motion was unanimously approved with no one dissenting.

Next Steps/Meeting Schedule

Regan explained that the next meeting was scheduled for September 21, 2022.

Adjournment

Meeting was adjourned at 2:15 p.m. ET.

Program Area/ Program	Career Pathway / Program of Study	CIP Code(s)	2021-2022 Industry Certification Name / Industry Certification Stacked Credentials	Phase-Out	High Demand	Date Received	Recommended addition to Valid Industry Certification List? Yes/No	BEAT Recommendations	Date Presented for Sub- Committee
Construction	Non-applicable	NA	MACC Tech		HD	4/4/2022	YES	The Construction BEAT recommends the addition of the MACC Tech Certification to Industry Certification List. MACC Tech stands for Mining, Asphalt, Concrete & Construction Technology. This certification does not align to a specific CTE pathway in the Program of Studies but is highly supported by Business and Industry and is recommended to be available for schools who choose to offer a local pathway.	6/15/22
Transportation	Non-applicable	NA	Equipment and Engine Training Council Certification			5/2/2022	YES	The Transportation BEAT recommends the addition of the EETC certification to the Valid Industry Certification list based on BEAT committees review. This certification does not align to a specific CTE pathway in the Program of Studies but to a local pathway within a district.	6/15/22
